## MOBILE JAW CRUSHER

### BPJ 106

The Boratas® Mobile Jaw Crusher BPJ106 from Jawtrack series is the perfect combination of compactness, mobility, and high performance featuring an imposing jaw crusher from the performant BCK jaw crusher series. Typically used in mining, quarrying, and recycling, These mobile jaw crushers are ideal for work in urban regions with a limited surface.

Using a single toggle jaw, Jawtrack BPJ106 mobile jaw crusher is able to crush all types of natural stones from the hardest granites to more abrasive varieties. Moreover, they are also used for recycling by reducing materials such as asphalt, concrete, and other construction materials.

Furthermore, Jawtrack BPJ106 comes in different sizes and features and is supplied as standard or customized versions.
